Board of Directors Memo

August 25, 2016

Subject: 2(a) Presentation & Discussion of Proposed FY2017 Capital & Operating Budget

Background

The Texas Transportation Code Chapter 460 requires the preparation of an annual budget for DCTA. The DCTA Board has adopted annual budget development and budget amendment procedures.

The proposed FY 2017 Budget was presented to the Finance Committee at its July Budget Workshop and incorporates their feedback. DCTA staff has prepared a balanced budget, where operating expenses and capital expenditures do not exceed current year revenues and undesignated fund balance/reserves. The proposed budget was also briefed to the Board at its July 28, 2016 meeting via the Finance Committee Chair Report. The information presented to the Finance Committee was incorporated in the Committee Chair Report.

The proposed FY 2017 Budget is submitted today to the Board of Directors, in accordance with requirements under Chapter 460 of the Texas Transportation Code and DCTA Board policy and procedures, for Board review and comment as well as citizen input. Notice of the public hearing was published in the Denton Record Chronicle on August 12th, 2016. The budget schedules were also available for viewing on the DCTA website.

Staff has worked very closely with the Finance Committee in the preparation of the FY17 Budget and presented a detailed review of the various components that comprise the DCTA capital and operating budget. The budget process was modified this year to make it more efficient and enabled the Finance Committee and Board to see the full impact of each component of the FY17 Operating & Capital Budget. In July, the Finance Committee held a budget workshop where all components of the FY17 budget were reviewed and discussed. This included the total operating and capital budget as well as the impact of the FY17 Proposed Budget on the cash flow model.

The Finance Committee is forwarding the proposed FY17 Budget to the Board of Directors for review and comment. The Board will hold a public hearing on the budget to allow for citizen input. Once information from both the Board and the public has been received, the FY17 Budget will be presented for final review and adoption by the Board at the September 22, 2016 Board meeting.

The proposed Budget contains revenue and expenditure assumptions for FY17, which include capital expenditures. Included as agenda back-up are the following exhibits:

- Exhibit A: Proposed Fiscal Year 2017 Budget (operating revenues and expenditures for proposed FY17 as compared to the FY16 Revised Budget).
- Exhibit B: Capital Improvement Plan with Proposed FY17 appropriation

 Exhibit C: Draft of the 5-year cash flow model. It incorporates the FY17 budget as proposed and provides the Board a view of the impact of the proposed FY17 budget on the cash flow model.

Identified Need

Review and discuss the proposed FY 2017 budget.

Committee Review

In addition to the budget workshop held in July, the Finance Committee reported its activities and discussions at the regular July Board meeting by way of the "Finance Committee Chair – Report to the Board". The Finance Committee included Board members Richard Huckaby, Connie White, Tom Winterburn, and Dave Kovatch serving as Committee Chair.

Financial Impact

This item is for comment and discussion and has no financial impact at this time.

Recommendation

Item is for discussion only. After presentation of the proposed budget and discussion by the Board, the Board will hold a public hearing to receive public input on the proposed budget.

Final Review: Anna Mosqueda, CFO

Approval. Cline. President
