

UNT CAMPUS SHUTTLE

ROUTE NUMBER CHEAT SHEET

Denton County Transportation Authority (DCTA) uses a route numbering system to help passengers understand the University of North Texas (UNT) Campus Shuttle service.

Each sequence has an abbreviated route name with a three-digit code to identify the group, route and schedule. The route acronym is visible to help riders quickly identify their desired route (for example, CE = Colorado Express).

In the following example, the shuttle's route is Colorado Express, and the schedule is Normal Weekday Service. (All UNT campus shuttles are assigned the same group number.)

CE 171
