

UNT Campus Shuttle Route Number Guide

Denton County Transportation Authority (DCTA) uses a route numbering system to help passengers understand the University of North Texas (UNT) Campus Shuttle bus service.

Each sequence has an abbreviated route name with a three-digit code to identify the group, route and schedule. The route acronym is visible to help riders identify a bus route (i.e. CE = Colorado Express).

In the example below, the shuttle route name is Colorado Express, and the schedule is Normal Weekday Service. (All UNT campus shuttles are assigned the same group number.)

CE171

Group

1: UNT Campus Shuttle

Route

- 0: Academic Circulator (AC)
- 1: Mean Green (MG)
- 2: North Texas (NT)
