## Dear Applicant:

We appreciate your interest in Denton County Transportation Authority's Access Service. Access is an origin to destination demand response service provided to disabled and elderly citizen. The enclosed application will determine your eligibility to use Access service.

Access is a combination of ADA Paratransit service, required by federal law, and additional service which the DCTA elects to provide for elderly and disabled residents. ADA service eligibility is stricter, but prevents someone from being denied trips within ¾ of a mile of a fixed route. Individuals who are approved by age, over 65yrs old, alone or whose disabilities do not prevent them from using the fixed route service, will be considered non-ADA.

The application must be filled out completely and legibly. The enclosed Physician's Verification of Disability Form must be completed by a doctor, licensed health care provider, or licensed rehab/social worker familiar with your disability. If it is incomplete, applications will be returned to applicants and not processed.

After DCTA receives your completed application, you may be contacted to schedule an in-person interview to aid in the determination of your eligibility. Upon request, transportation will be provided to you free of charge both to and from the interview site.

You will receive a determination letter within 21 days. If you require any assistance in completing this application you may call our office at 940-243-0077 or 1-866-335-3033 TDD.

Again, we thank you for your interest in DCTA's Access Service.
