#### **TITLE VI PROCEDURE**

DCTA has established a process for passengers to file a complaint under Title VI. Any person who believes that he or she has been discriminated against on the basis of race, color, or national origin by DCTA or its contract operators may file a Title VI compliant by completing and submitting the agency's Title VI Complaint form available at DCTA administrative office, DCTA's Downtown Denton Transit Facility or on our website at [www.dcta.net](http://www.dcta.net).

DCTA encourages complaints to be filed immediately. DCTA will investigate complaints up to 180 days after the alleged incident. DCTA will process complaints that are complete. Once the compliant is received, DCTA will review it and the complainant will receive an acknowledgement letter within 10 working days informing them whether the complaint will be investigated by DCTA.

Complaints can be filed in writing using the Title VI Complaint form or verbally by calling 972-221-4600. Completed forms are mailed to DCTA's Administrative Office at P.O. Box 96, Lewisville, Texas 75067. A person may also file a complaint directly to FTA's Office of Civil Rights at 1200 New Jersey Avenue SE in Washington, DC 20590.

DCTA has up to 30 days to investigate the complaint. If more information is needed to resolve the case, DCTA may contact the complainant. The complainant has 30 days from the date of the letter to send requested information to the investigator assigned to the case or the case could be administratively dismissed. A case may also be administratively dismissed if the complainant no longer wishes to pursue their case.

DCTA's Title VI Coordinator conducts all investigations in cooperation with the Human Resources Department and the General Counsel. The investigation may include discussion(s) of the complaint with all affected parties to determine the problem. The complainant and other affected parties may be represented by an attorney or other representative of his/her own choosing and may bring witnesses and present testimony and evidence in the course of the investigation.

Based upon all the information received and discovered during the investigation, an investigation report will be written by the Title VI Coordinator for submittal and final determination by the DCTA President.

Once the final determination is made, the complainant will receive a letter stating the final decision. The letter will either be a letter of finding or a closure letter. A closure letter summarizes the allegations and states that there was not a Title VI violation and that the case will be closed. The closure letter will also include information about the complainant's right to appeal the decision within 10 days. A letter of finding summarizes the allegations and the interviews regarding the alleged incident, explains whether any disciplinary action, additional training of the staff member or other action will occur, and the right to appeal the decision within 10 days.

If the complainant simultaneously files a complaint with DCTA and with an external organization such as the state or federal government, the jurisdiction and investigation of the external agency will supersede DCTA's procedures and DCTA's investigation will be suspended.

## PROCEDIMIENTO DEL TÍTULO VI

DCTA ha establecido un proceso para que los pasajeros presenten una queja bajo el Título VI. Cualquier persona que crea que ha sido discriminada por motivos de raza, color o nacionalidad por DCTA o sus contratistas puede presentar una queja que cumpla con el Título VI completando y enviando el formulario de Queja del Título VI de la agencia, que se encuentra disponible en la oficina administrativa de DCTA, en el Centro de Tránsito de DCTA del Centro de la ciudad de Denton o en nuestro sitio web en [www.dcta.net](http://www.dcta.net).

DCTA insta a los demandantes a presentar las quejas inmediatamente. DCTA investigará las quejas hasta 180 días después de sucedido el presunto incidente. DCTA procesará las quejas que estén completas. Una vez recibida la queja, DCTA la revisará y el demandante recibirá una carta de reconocimiento dentro de los 10 días hábiles posteriores a su recepción, en la que se le informará si la queja será investigada por DCTA o no.

Las quejas se pueden presentar por escrito usando el formulario de Queja del Título VI, o verbalmente llamando al 972-221-4600. Los formularios completados se envían por correo a la Oficina administrativa de DCTA a la siguiente dirección: P.O. Box 96, Lewisville, Texas 75067. Una persona también puede presentar una queja directamente a la Oficina de Derechos Civiles de la FTA en 1200 New Jersey Avenue SE en Washington, DC 20590.

DCTA cuenta con hasta 30 días para investigar la queja. Si se precisa más información para resolver el caso, DCTA puede contactar al demandante. El demandante tiene 30 días a partir de la fecha de la carta para enviar la información solicitada al investigador asignado al caso; de lo contrario el caso puede ser desestimado administrativamente. Un caso también puede ser desestimado administrativamente si el demandante ya no desea proseguir con su caso.

El Coordinador del Título VI de DCTA lleva adelante todas las investigaciones en cooperación con el Departamento de Recursos Humanos y el Director de Asesoría Jurídica. La investigación puede incluir una discusión(es) sobre la queja con todas las partes afectadas para determinar el problema. El demandante y las otras partes afectadas pueden ser representados por un abogado o por otro representante de su elección, y pueden aportar testigos y presentar testimonios y evidencia durante el transcurso de la investigación.

A partir de toda la información recibida y exhibida durante la investigación, el Coordinador del Título VI escribirá un informe sobre la investigación para presentarlo al Presidente de DCTA, quien tomará la decisión final.

Una vez tomada la decisión final, el demandante recibirá una carta que contendrá la decisión final. La carta será una carta de resultados o una carta de cierre. Una carta de cierre resume las acusaciones y afirma que no existió una violación del Título VI y que el caso se cerrará. La carta de cierre también incluirá información acerca del derecho de apelación del demandante dentro de los 10 días posteriores. Una carta de resultados resume las acusaciones y las entrevistas con respecto al presunto incidente,

explica si tendrá lugar cualquier medida disciplinaria, capacitación adicional del miembro del personal u cualquier otra acción, y el derecho a apelar la decisión dentro de los 10 días posteriores.

Si el demandante presenta una queja de manera simultánea ante DCTA y ante una organización externa como el gobierno del estado o el gobierno federal, la jurisdicción e investigación de la agencia externa reemplazará a los procedimientos de DCTA y la investigación de DCTA se suspenderá.

### **Cit Man (Fare) Hmanning (Peng Chung Fare Pass Thlen)**

Similar in analysis to the A-train, the regional system pass fare change affects riders across all fixed-route services of DCTA. For this reason, TTI produced an analysis at the county level. This analysis reviews DCTA's proposed fare changes and compares service-area wide demographics to the 2014 NCTCOG passenger survey findings. The data is then compared according to DCTA's disparate impact and disproportionate burden policies to determine if the proposed fare change may be defined as either such impact. Table 25 presents data showing the rate of regional
